# SIDDEEQ PUBLIC SCHOOL

The government is making an effort to implement Single National Curriculum (SNC) throughout the country, at all streams of educational institutions irrespective of public or private sector. Thereupon, the PTBB has been assigned the responsibility of publishing the text books conforming to the outlines of SNC. Last year, the textbooks (Grade 1 to 5) were made available for students; however, the books for Grade 6 to 8 are yet under the process of printing.

Grade 6 and Grade 7	At this stage, neither new course books nor the used ones (secondhand) are to be purchased.
<ul style="list-style-type: none"><li>○ The School will take the responsibility to prepare textual material for its students and provide them in soft form till the availability of recommended books in the market.</li><li>○ However, the used (secondhand) books may be arranged from any known family or some other source.</li><li>○ For the promotion of such goodwill gesture, the used books of your children may be passed on to other Siddeeqeen as well.</li><li>○ Children must be taught that books are always to be valued whether new or old ones.</li></ul>
